

Teen Trail Corps Hours, Tracking, Team & Athlete Awards

All individual and team TTC hours must be tracked through the League's TTC reporting in PitZone in order to receive recognition.

Trail work hours must be quantified by ¼ hour blocks and should be submitted by the weekly deadline of 11:59 pm Sunday nights. Backlogged TTC hours should be avoided but will count toward TTC awards unless they exceed a season reporting deadline.

Points recorded after the Wednesday before the NICA WI League State Championship at Trek Trails will not be counted or considered.

Points

TTC Points do not effect or count towards athlete and team race points. Calculation and announcement of points and awards will be done at the Trek Championship race.

Team Points

Team TTC Points will be awarded based on the average amount of TTC hours per team member. The calculation=total amount of hours the team riders work during the course of the current season divided by the number of riders on the roster as of Sept 30 of the current year. This average will be directly converted to points and multiplied by 100. For example, a team with 100 total registered athletes which has 20 of those athletes who contributed a total of 250 TTC hours will have a TTC score of 250 points.

Trail work hours must be completed during NICA sanctioned TTC events and/or during trail club work or off trail projects. All work should be entered by a team coach. This same coach should have knowledge that the SA has completed the work they have reported.

Each TTC badge awarded to any SA who is a member of a team will earn 5 points for the team points.

Individual SA (Student Athlete) Points

SA hours contributed directly are assigned as TTC points for that athlete. This is in addition to the team earning points for the SA activities. However, unlike the team scoring, the individual SA points are not weighted against all fellow registered team athletes.

Each TTC badge awarded to a SA will earn 5 points for themselves. SA are encouraged to submit applications for the TTC Badges. You can read more about the [TTC badges here](#).

TTC Captain Bonus

Additional Points are awarded once all badges of Serve, Speak, Respect, and Ride patches are earned. The bonus is 10 points for TTC Captain status earned by completing the four badges. This status must be achieved annually in order to qualify for bonus points in the current season.

AWARDS AND RECOGNITION

Team Awards

The WI League will recognize the 3 teams with the most logged athlete hours based on the “per athlete” hours recorded. Specifically, the team with the most TTC volunteer hours of NICA athletes per total number of team athletes registered in PitZone at the time of the first championship race will earn first place. Hours earned by indirect NICA members (family members and friends) will be added to the total team hours but not the SA hours. Is it a League goal to recognize the team effort engaging with TTC activities over the individual efforts however individual SA participation and accomplishments will also be recognized.

Student Athlete Awards

The WI League will recognize the 3 student athletes that contributed the most recorded TTC hours at the Championship race.

Student Athletes that achieve Captain status (achieve all TTC badges will receive a custom TTC jersey).
